"TAC Community Hub is a subscription based community located within the suburb of the federal capital territory"

TAC Community Hub a.k.a. The School of HardKnocks

is a cutting edge Co-creation Hub for Sporting events, Research and Community Development Activities for Kids of all ages and adults of all walks of life. It is a subscription based community and located wthin the suburb of the Federal Capital Territory, Abuja - Nigeria.

Our Motto is 'Work', 'Play' and 'Earn'. Our Objective is Networking and Co-Creation. And our mission is to replicate similar concept in as much community as possible within Nigeria using this as a pilot project.

Our activities revolves around the under listed five (5) pillars viz:-

- Sporting activities
- Technology Clubs
- Mentoring and Coaching services
- Relaxation and Events
- Office-on-the-go

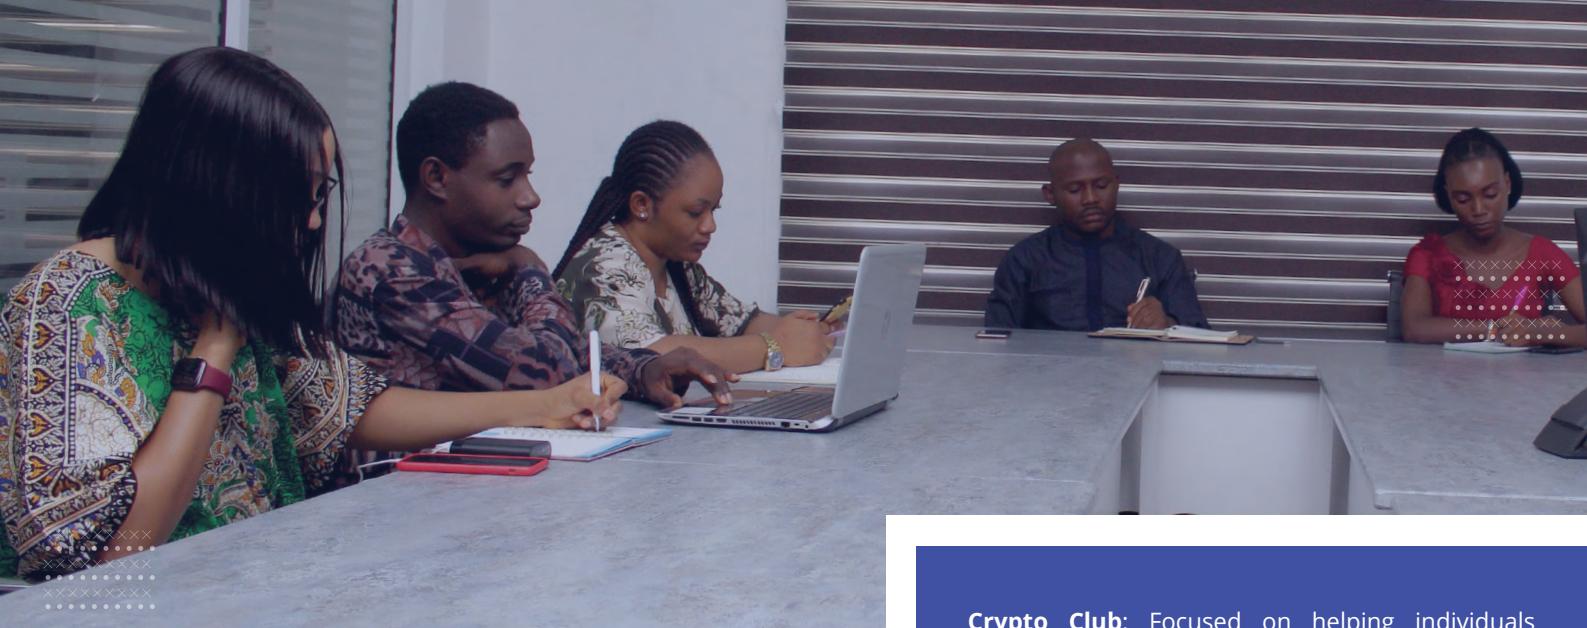

Sporting Activities

TAC Community Hub provides a home for various sporting activities and events. We identify, build and support kids, teenagers and adults who love sports and wants to engage in it for leisure or as a profession.

For now our five major sport offerings are:-

- Lawn Tennis
- Chess
- Taekwondo
- Swimming
- Scrabble

Office-on-the-go!

We provide a conducive office environment for anyone who wants to indulge in brainstorming. We offer them all the comforts of office space along with a cafe-like feel, as we believe in work-life integration. We help people feel at home even when they're at work, the feeling of well-being, and the excitement of being part of a vibrant and diverse community.

TAC Community Hub is generally concerned with providing services for the local community, directly or indirectly, creating Opportunities for community engagement, volunteering, and the empowerment of local people, providing a focal point for local people, providing a sense of community, and providing spaces for people to meet.

Technology Clubs:

At the moment we have two (2) curations within this category viz:- Drone & Crypto Club

Drone Club: The hub is an affiliate of the Institute for Remotely Piloted Aircraft Systems a well-established industry leader in drone and counter-drone systems, that's an innovative and competent firm in the business of providing Consultancy Services & Solutions for Aviation Industries (Public & Private), Communities, and Nations. The focus is to ensure interested persons gain the appropriate knowledge on the proper usage of drones.

Crypto Club: Focused on helping individuals understand the concept of blockchain and cryptocurrency. Cryptocurrency is becoming better-known and more popular throughout the entire world. However, being relatively new, you may not be familiar with it or why it's even a big deal.

We provide the services of learning how cryptocurrency will make the world a better place. Cryptocurrency may seem like a technology of the future. It has, and will, revolutionize the way we store money, pay for goods and services, and do business. We're concerned with Facilitating communal support and engagement.

Mentoring & coaching services

E-Learning; which is a network-enabled transfer of skills and knowledge, the delivery of education is made to a large number of individuals. TAC Community Hub is focused on helping individuals gain knowledge and acquire skills via the internet.

Relaxation & Events

The Hub provides a conducive space for relaxation. It also provides an exceptional space for noteworthy events, ceremony, social gathering or celebration.
